In May 2020, Banpu Public Company Limited, led by Ms. Somruedee Chaimongkol, Chief Executive Officer, handed over positive pressure clinic and medical procedure negative pressure room with the value of THB 1.8 million to Buddhasothorn Hospital in Chachoengsao Province. The event was honored by Mr. Rapee Phongbupakicha, Governor of Chachoengsao Province, who presided over the handover ceremony, together with Dr. Montien Kanasawadse, Chachoengsao Provincial

Chief Medical Officer, and Dr. Sombat Chutimanukul, Director of Buddhasothorn Hospital, who witnessed the event.

Buddhasothorn Hospital is a tertiary care center in Chachoengsao Province. In addition to providing health services and medical treatments in the normal situation, over the past few months, the hospital has been working hard to screen and treat the patients infected with coronavirus in Chachoengsao and nearby provinces such as Samut Prakan, Bangkok, and Nonthaburi. The positive pressure clinic and medical procedure negative pressure room from Banpu will be used to support the Covid-19 patients and others with respiratory illnesses. This will increase the safety of medical personnel, reduce the spread of infections, and build confidence for people using services in the hospital as well.

After all this time, the Company has quickly and continuously provided the medical equipment necessary for COVID-19 confrontation and control in Thailand, hoping to be able to encourage the country and Thai people to get through this crisis quickly.
