

**Banpu Recognized as a Leading Sustainable Energy Provider
with various 2021 Awards and Achievements both Nationally and Internationally**

Banpu Public Company Limited, an international versatile energy provider, strives to become a leader in energy business under environmental, social and governance (ESG) principles throughout 2021. The Company received a total of 7 national and international awards and recognitions including recent announcement that the Company being listed as a member of the Dow Jones Sustainability Indices (DJSI) for 8th consecutive year. This reflects its commitment to sustainable energy management by aligning business portfolio with Greener & Smarter strategy while driving the Company forward with digital transformation and ESG principles.

Mrs. Somruedee Chaimongkol, Chief Executive Officer of Banpu Public Company Limited, said “Being recognized for sustainable business practices by reliable institutions throughout the year 2021 makes us at Banpu very proud. This reflects our determination to operate our business under the Greener & Smarter strategy which is consistent with our standpoint “Smarter Energy for Sustainability” as well as running our business in adherence to ESG principles for almost 4 decades. Recently, we have also established the Environment, Social and Governance (ESG) Committee to support the Board of Directors in monitoring matters related to the Company's ESG operations in order to achieve the goals with highest effectiveness. We also apply international practices in terms of determining sustainable development strategy to increase business competitiveness and create values to stakeholders in the 10 countries where we operate. These are what drive us to expand into a greener energy business to support future global trends while following main objectives of COP26. We have also accelerated our business development plan in renewable energy and energy technology as well as ambition to reduce greenhouse gas emissions. We will have no further investment in coal mining business; however, we are committed to running our production with responsibility to our customers and all stakeholders.”
