

“The 13th Banpu Champions for Change” project calls for entries! Bolstering social enterprises nationwide in driving the Thai economy

Banpu Public Company Limited, a leading international versatile energy provider, together with ChangeFusion, invites the new generation determined to create change and solve social issues in a sustainable way through social enterprise to join the “13th Banpu Champions for Change (BC4C)” project. Featuring the concept of “Impactful Locals, National Boost”, this year’s project will engage participants in capacity enhancement to create change and seize growth opportunities through incubation and acceleration programs.

The **incubation program** supports early-stage social entrepreneurs to explore effective ways to generate income, set concrete key performance social impact indicators and business approaches. Meanwhile, the **acceleration program** bolsters extension-stage social entrepreneurs to grow faster with support on business profiling, planning on idea and business plan presentation to investors, as well as access to the opportunity to connect with funding sources from both the government and private sectors.
