Banpu places importance on its employees as they are recognized as the most valuable asset of the Company. We strive to become a learning organization that equips all employees with learning potential and comprehensive personal development. The Company has developed its own standardized and up-to-date employee training programs and incorporated external training programs from credible organizations in the context of Banpu. We carried out Self-learning Capacity Development Programs, such as leadership development, digital proficiency, and Functional Competency Development which involves strategic planning and thinking, project management, business operating models, and Banpu Group's sustainable development principles. Additionally, Banpu has Global Leadership Programs designed to enhance leadership skills for leaders at all levels, from elementary to international business management to accommodate a business continuity and effectively support its growing business.
