Press Release 19 November 2026

Sinon Vongkusolkit, Banpu CEO, Wins the Energy Innovation Award at The Leadership Awards 2026

Mr. Sinon Vongkusolkit, Chief Executive Officer of Banpu Public Company Limited, recently received the Energy Innovation Award at The Leadership Awards 2026. Jointly organized by the Thai Chamber of Commerce and Board of Trade of Thailand, Ramkhamhaeng University, and Thansettakij, the awards honor individuals and organizations that have played outstanding roles in advancing Thailand's economy, society, and innovation.

The award reflects Mr. Sinon's success in driving the Company forward through its "Energy Symphonics" strategy, integrating energy businesses from upstream to downstream while harnessing technology and innovation to deliver reliable and responsible energy. In 2026, under his leadership, Banpu reached a significant milestone through its amalgamation with Banpu Power to enhance asset management and capital allocation efficiency. Alongside these efforts, the Company continues to advance its Decarbonization Roadmap, targeting a reduction of at least 20% in Scope 1 and 2 greenhouse gas emissions by 2030 and aiming to achieve Net Zero by 2050.

This recognition reinforces Banpu's commitment to transforming its business, people, and technology to drive steady growth, deliver energy responsibly, and create long-term value for all stakeholders.
